Product Description

Single feather edge boards and used to create a continuous run of fencing to suit an exact size, creating an illusion of a larger garden. Feather edge boards are pressure treated to provide protection against wood rot. Boards can be used with an arris rail to create full panels.

DELIVERY / USEFUL INFORMATION

An approximate date for delivery will be given a couple of days after placing your order, either by phone or email.

There must be available parking, if there are parking constrictions, please make us aware as this may incur a charge.

We try to give either an AM or PM time slot for our deliveries, as we cannot always give a specific time of delivery. Our trucks are tracked, so if you would like a more specific time, please phone on the day of delivery or the day before.
