Product Summary

Shed & Fence Stain 5L
Shed & fence treatment can be sprayed or painted on rough or smooth timber. The coating is waterproof and contains wax additives for extra protection.
Ideal for:

- Fencing - Sheds - Trellis - Pergolas - Planters - Kennels - Coups - Aviaries - Catteries

Features:

- Water resistant - Easy water clean-up - Environmentally considerate - Pet & plant friendly - Mould resistant coating - Algal protection - Natural looking matt finish - Light fast - Quick drying, - Low odour & low VOC - Great coverage. Will cover up to 60m2 per coat (two coats recommended)

If your timber isn't treated with a preservative then depending on the type of wood and product, you may want to use the Wood Preserver ++ first.

Product Description

Shed & Fence Stain
Being a stain it allows the wood grain to show through allowing you to colour your wood whilst retaining its original features
Is easily applied by a sprayer or brush and offers up to 12m2 per litre per coat. For fencing one coat will colour and

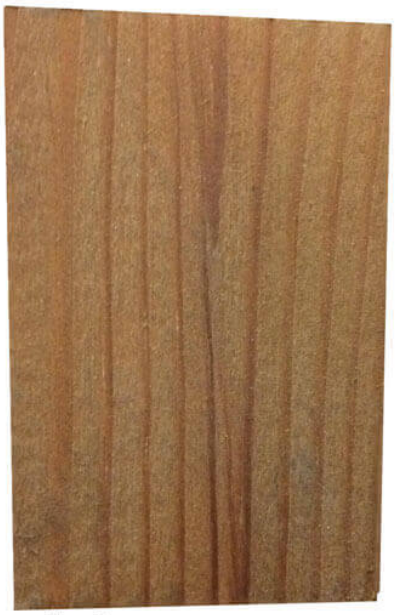

weather-proof with a second coat deepening the shade. For sheds it is recommended that two coats be applied for the first treatment with only one coat needed for future maintenance.
Shed & Fence is a cost effective, waterproof, wood stain that enhances the natural beauty of wood. It is used and recommended by professionals as, unlike a lot of competitor brands, it can be applied to old surfaces, planed (finished) and rough sawn timber. Contains wax additives for an extra water resistant and mould resistant coating on vertical surfaces.
