Product Description

Wood Stain & Protector - Seaweed

Seaweed is a wildly intense dark green hue that is reminiscent of clumps of floating seaweed. It has a rich and intimate feel and elements of grey-black, making it an impactful backdrop garden colour or for a pull-out feature structure. This strong colour could pop brilliantly with pinks if you're feeling brave. It is ideal for fencing, furniture, and summerhouses. A multipurpose and versatile wood paint that weatherproofs, colours, and protects all varieties of outdoor timber. It can be used on masonry and even terracotta pots (will adhere to any material that is porous). Quick drying and long lasting.
