

# Palisade Bespoke Gates

**Lemon**

FENCING

Hinge Detail

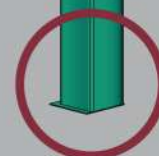

Padlockable Drop Bolt  
(on reverse of gate)

## Suitable For:

Industrial and commercial premises, electricity sub stations, gas installations, LPG installations, Research laboratories, Fuel terminals, Data centres, Sewage and water treatment plants, Railways and motorways, Police stations and courts.

## Palisade Bespoke Gates Double Leaf and Single Leaf

We manufacture Palisade gates to your bespoke size. Hinges are inverted on all gates to prevent lift off. Double leaf gates come complete with drop-bolts and ground sockets and single leaf gates can have drop-bolts added as an extra at the manufacturing stage. All gates come with a padlockable slide-latch.

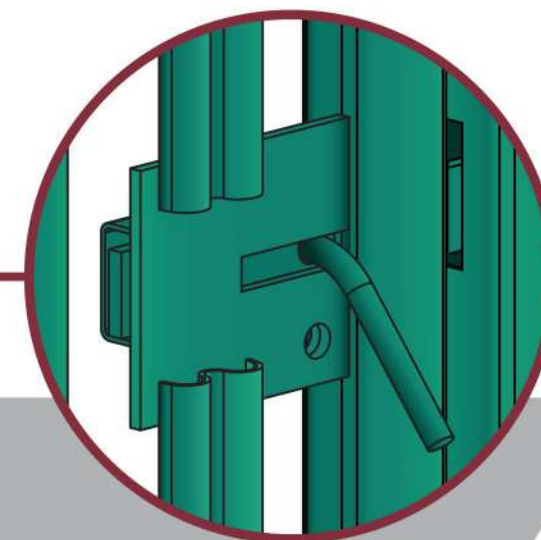

Ragging plates to key into  
concrete foundation

## Product and Finish Standards

Finish is either hot dip galvanised to BS EN ISO 1461 or galvanised and polyester powder coated to BS EN 13438.

## Options

Please refer to our Palisade specification sheet for details on the range of pale styles. Rotating Anti-Climb and Razor Wire can be fitted with bolt on brackets for additional security.
